An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Cancel claims 19-23.

This application is in condition for allowance except for the presence of claims 19-23 to the device non-elected without traverse. Accordingly, claims 19-23 have been cancelled.

The following is an examiner's statement of reasons for allowance: None of the prior art teaches or suggests a method of forming a gate electrode including patterning a gate electrode above a substrate, forming sidewalls covering the side faces of the gate electrode, removing the upper portion of the sidewalls to expose a part of the side faces of the gate, and introducing an impurity into the gate along a direction tilt-angled to the surface of the substrate.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kevin M. Picardat whose telephone number is 571-272-1841. The examiner can normally be reached on Monday-Thursday 7:00-5:30.
